

27 November 2017

Telkom, GoodLuck and Black Motion announce a new South African Christmas song.

Telkom has taken a fresh approach to its festive PR campaign by inviting two of SA's top musical talents, GoodLuck and Black Motion to collaborate and produce a new, fresh, funky and authentically South African Christmas carol, '12 Days of Christmas'.

The song will form part of a campaign that has been carefully orchestrated to create awareness of Telkom's innovative 12 Deals of Christmas Campaign that will start on 1 December 2017 and stretch over twelve days. Telkom will offer exiting deals over the twelve days with a substantial free gift included.

South Africans can download the song now for free on <http://www.telkom.co.za/12deals/> and watch the video on Telkom's YouTube channel <https://www.youtube.com/user/TelkomMobile/videos>.

ABOUT TELKOM:

Telkom is a leading information and communications technology services provider in South Africa. We had consolidated operating revenue of R41 billion and normalised profit after tax of R3 907 million for the year ended 31 March 2017. Total assets amounted to R48.0 billion and equity attributable to the owners of Telkom to R27.6 billion as of 31 March 2017

As of 31 March 2017, we had approximately 3.0 million telephone access lines in service and 1,329,450 ports connected via MSAN access. We offer business, residential and payphone customers a wide range of services and products, including:

- fixed-line retail voice services using PSTN (Public Switched Telephone Network) lines, including ISDN (Integrated Services Digital Network) lines, and the sale of subscription based value-added voice services and calling plans;
- fixed-line customer premises equipment rental and sales services both voice and data needs and these include PABX, Computers, Routers, Modems, Telephone handsets and other ancillary equipment;
- interconnection services, including terminating and transiting traffic from South African mobile operators, as well as from international operators and transiting traffic from mobile to international destinations;
- fixed-line data services, including domestic and international data transmission services, such as point-to-point leased lines, ADSL (Asymmetrical Digital Subscriber Line) services, packet-based services, managed data networking services and internet access and related information technology services;
- Data Centre Operations includes e-commerce, application service provider, hosting, data storage, e-mail and security services;

- W-CDMA (Wideband Code Division Multiple Access), a 3G next generation network, including fixed voice services, data services and nomadic voice services;
- mobile communication services, including voice services, data services and handset sales through our mobile brand called Telkom Mobile;
- information technology services including converged communication, IT service solutions, application solutions, IT hardware and software and industrial technology service sales locally, in seven African countries, the UK and Dubai through Business Connexion Group; and other services including directory services, through Trudon (Pty) Ltd, wireless data services, through Swiftnet (Pty) Ltd.
- Convergence is one of our key strategic initiatives in building a sustainable future for Telkom. We will lead the provision of converged services in South Africa in support of our mission statement: Seamlessly connecting people to a better life.
