Telkom launches pre-order for the all new Samsung Galaxy Note9

As part of a continuous drive towards innovative and compelling product offers and services, Telkom, unveiled the pre-order offer for the highly anticipated new Samsung Galaxy Note9 aimed at new and existing Telkom Mobile, Telkom Business subscribers, as well as Prepaid and Post-paid subscribers.

Galaxy Note has always put powerful technology in the hands of those who demand more. Now, the all new Galaxy Note9 surpasses even these high expectations, focusing on what matters most in today's always-on, mobile world. Take that and match it with a network on our FreeMe 1GB, 2GB, 5GB, 10GB, 20GB and Unlimited packages, you can do what the Galaxy note9 promises – do what can't be done.

From performance, to storage and optimisation for gaming, the Galaxy Note 9 is a perfect match with the Telkom network.

You can get the Samsung Galaxy Note 9 + Free SIM and connection on FreeMe 1GB for R799, R849 for the 2GB, 5GB for R999, 10GB is R1149, 20GB is R1399 while the unlimited package goes for R1799. All deals come with a free SIM + connection for 24 Months and the device comes in midnight black and ocean blue. With these great offers from Telkom, go on, do more and get more!

Free Welcome pack valued at R2499 (limited quantities) for customers who order the device until 30 September. Welcome pack includes a DEX HDMI Cable, Wireless Charger and a Tripod

Customers will also receive a R500 accessory voucher. Terms and conditions apply. The device will be available at Telkom s from 24 August 2018.
