On July 5, 2005, Telkom SA Limited (“Telkom”), announced the resignation of Ms Albertinah Ngwezi from the Telkom board of directors. Ms Ngwezi was one of the two Public Investment Corporation appointed directors. A copy of the announcement is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

On July 18, 2005, Telkom advised shareholders that its Form 20-F for the fiscal year ended March 31, 2005, was filed with the Securities Exchange Commission on July 15, 2005. A copy of the announcement is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

On July 22, 2005, Telkom filed its September 2005 tariff adjustments with the Independent Communications Authority of South Africa (ICASA). A copy of the announcement is attached hereto as Exhibit 99.3 and is incorporated herein by reference.

On July 26, 2005, Vodacom Group (Proprietary) Limited (unlisted), in which Telkom has a 50% holding, announced its quarterly update for the three months ended June 30, 2005. A copy of the announcement is attached hereto as Exhibit 99.4 and is incorporated herein by reference.

On July 27, 2005, Telkom issued an announcement to the JSE Securities Exchange, South Africa, providing notification of the Chief Executive Officer's and Company Secretary's dealings in Telkom securities, a copy of which is attached hereto as Exhibit 99.5 and is incorporated herein by reference.

#### **SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS**

All statements contained in the exhibits incorporated by reference herein, as well as oral statements that may be made by Telkom or by officers, directors or employees acting on behalf of Telkom, that are not statements of historical facts, constitute or are based on forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, specifically Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. Such forward-looking statements involve a number of known and unknown risks, uncertainties and other factors that could cause Telkom's actual results and outcomes to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. Among the factors that could cause Telkom's actual results or outcomes to differ materially from its expectations are those risks identified in Item 3. “Key Information-Risk Factors” contained in Telkom's most recent annual report on Form 20-F filed with the U.S. Securities Exchange Commission (“SEC”) and Telkom's other filings and submissions with the SEC, which are available on Telkom's website at [www.Telkom.co.za/ir](http://www.Telkom.co.za/ir), including, but not limited to, increased competition in the South African fixed-line and mobile communications markets; developments in the regulatory environment; continued mobile growth and reductions in Vodacom's and Telkom's net interconnect margins; Vodacom's and Telkom's ability to expand their operations and make investments in other African countries and the general economic, political, social and legal conditions in South Africa and in other countries where Vodacom and Telkom invest; our ability to attract and retain key personnel; our inability to appoint a majority of Vodacom's directors and the consensus approval rights at Vodacom may limit our flexibility and ability to implement our preferred strategies; Vodacom's continued payment of dividends or distributions to us; our ability to improve and maintain our management information and other systems; our negative working capital; changes and delays in the implementation of new technologies; our ability to reduce theft, vandalism, network and payphone fraud and lost revenue to non-licensed operators; our ability to improve our internal control over financial reporting; health risks related to mobile handsets, base stations

and associated equipment; our control by the Government of the Republic of South Africa; the outcome of regulatory, legal and arbitration proceedings, including tariff approvals, and the outcome of Telkom's hearing before the Competition Commission related to VANs litigation, its proceedings with Telcordia Technologies Incorporated and others; our ability to negotiate favorable terms, rates and conditions for the provision of interconnection services; our ability to implement and recover substantial capital and operational costs associated with carrier pre-selection, number portability and monitoring and interception; Telkom's ability to comply with the South African Public Finance Management Act and South African Public Audit Act and the impact of the Municipal Property Rates Act; fluctuations in the value of the Rand; the impact of unemployment, poverty, crime and HIV infection, labor laws and exchange control restrictions in South Africa; and other matters not yet known to us or not currently considered material by us.

You should not place undue reliance on these forward-looking statements. All written and oral forward-looking statements attributable to Telkom, or persons acting on its behalf, are qualified in their entirety by these cautionary statements. Moreover, unless Telkom is required by law to update these statements, Telkom will not necessarily update any of these statements after the date of this report, either to conform them to actual results or to changes in its expectations.

**Telkom SA Limited's (TKG) Resignation of Director**

Telkom has been informed that as of June 28, 2005, the Public Investment Corporation (PIC) has retained 8.4% of the 15.1% of Telkom's issued ordinary shares and the class B share that it acquired from Thintana Communications LLC. In terms of the articles of association, the PIC has the right to appoint only one director to the Telkom Board based on its current shareholding relating to the Class B share. Therefore, Telkom announces the resignation of Ms Albertinah Ngwezi, who was one of the two PIC appointed directors, as a director with immediate effect.

**Telkom SA Limited files an overall tariff decrease of 3% effective September 1, 2005**

Telkom SA Limited has filed its September 2005 tariff adjustments with the Independent Communications Authority of South Africa (ICASA), in accordance with the Telecommunications Act, 103 of 1996, and the Price Control regulation. The Price Control regulation imposes a price cap formula on a basket of specified services, including installations; prepaid and postpaid line rental; local, long distance and international calls; fixed-to-mobile calls; public payphone calls; ISDN services; the Diginet product; ADSL products and services and the Megaline product.

Currently, the overall tariffs for all services in the basket may not be increased by more than 3.5% below inflation in South Africa, based on the consumer price index (CPI) and measured using revenue for the services in the basket at constant volumes for the prior year. In addition, the price of any individual product or service included in the basket may not be increased by more than 5% above inflation in South Africa in any year. Inflation is based on the year on year movement in CPI measured for April. CPI was 3.4% for April 2005.

The Price Control regulation also makes provision for the carry over of allowable rate benefits that were not used in the prior filing, in terms of the general Price Control formula, to be claimable in the next filing. In the January 2005 annual tariff increases Telkom did not utilise the full allowable rate benefits. The amount carried over to the September 2005 tariff increases has a 0.2% impact on the allowable increase in tariffs.

Based on CPI and the carry over allowance from the prior year, Telkom's allowable tariff adjustment for the regulated basket of services is an increase in revenue of 0.1%. However, the significant price reductions in certain services will result in an overall price decrease of 3%, if approved by ICASA.

The price adjustments for ADSL and international private leased circuits will be effective from August 1, 2005. All other price adjustments proposed will be effective September 1, 2005, if approved by ICASA.

**Key tariff changes**

The following tables set forth subscription and connection tariffs as of September 1, 2005 and January 1, 2005. Residential and business installation and monthly rental tariffs for PSTN postpaid and prepaid services will increase 8.4% and 6.0% respectively from September 1, 2005. ISDN basic rate monthly rental tariffs will remain unchanged.

	<b>As of September 1, 2005</b>			
	<b>PSTN Postpaid</b>	<b>PSTN Prepaid</b>	<b>ISDN2a Basic</b>	<b>ISDN30 Primary</b>
	<b>(ZAR, including value-added tax)</b>

## SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

All statements contained herein, as well as oral statements that may be made by us or by officers, directors or employees acting on behalf of the Telkom Group, that are not statements of historical fact constitute “forward-looking statements” within the meaning of the US Private Securities Litigation Reform Act of 1995, specifically Section 27A of the US Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause our actual results to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. Among the factors that could cause our actual results or outcomes to differ materially from our expectations are those risks identified under the caption “Risk Factors” contained in item 3 of Telkom’s most recent annual report on Form 20-F filed with the U.S. Securities Exchange Commission (SEC) and our other filings with the SEC, available on Telkom’s website at [www.telkom.co.za/ir](http://www.telkom.co.za/ir). You should not place undue reliance on these forward-looking statements. All written and oral forward-looking statements, attributable to us, or persons acting on our behalf, are qualified in their entirety by these cautionary statements. Moreover, unless we are required by law to update these statements, we will not necessarily update any of these statements after the date hereof either to conform them to actual results or to changes in our expectations.

 JSE and NYSE Share Code TKG  
 ("Telkom")

**Vodacom quarterly update - Vodacom surpasses 17 million customer mark**

Vodacom Group (Proprietary) Limited ("Vodacom" or "Vodacom Group") (unlisted), South Africa's leading mobile communications group, in which Telkom has a 50.0% holding, announced today a quarterly update for the three months ended June 30, 2005.

As at June 30, 2005, Vodacom Group recorded 17.2 million customers on its networks operated in South Africa and other African countries, an 11.2% increase in the three months since March 31, 2005. The Group's international operations comprise 2.9 million customers, or 17.0% of the total customer base.

Vodacom South Africa increased its customer base by 11.3% since March 31, 2005 to 14.3 million customers. Vodacom South Africa's customer base increased to 2.0 million contract customers and 12.3 million prepaid customers, increases of 5.8% and 12.3% since March 31, 2005, respectively. The rapid growth in the South African customer base is a result of high gross customer connections, combined with low churn for the quarter caused by a clean up of the customer base in March 2005. South African ARPU declined by 8.0% to R150 per month for the three months to June 30, 2005. The ARPU was negatively impacted by the increasing proportion of prepaid customers in the total base, as well as lower usage per average customer.

Vodacom was the first operator to introduce a commercial 3G offering into the local market in December 2004. The take up by customers during this initial period of deployment continues to be encouraging, with the number of active 3G users on the network as at June 30, 2005 being 26,341 (March 31, 2005: 10,853). The 3G launch included a number of innovative products such as the Vodafone Mobile Connect Card, and, Vodacom currently has 10,516 users (March 31, 2005: 5,105). The number of Vodacom 3G base stations has increased to 964 (March 31, 2005: 487).

Customers, year-to-date ARPU, 3-month inactive statistics and churn as of June 30, 2005 compared with March 31, 2005 for Vodacom South Africa are as follows:

<b>Vodacom South Africa</b>	<b>March 31, 2005</b>	<b>June 30, 2005</b>	<b>% change</b>
<b>Customers (thousands)</b>	<b>12,838</b>	<b>14,289</b>	<b>11.3</b>
Contract	1,872	1,980	5.8
Prepaid	10,941	12,282	12.3
Community services	25	27	8.0
<b>ARPU (ZAR)</b>	<b>163</b>	<b>150</b>	<b>(8.0)</b>
<b>3-month inactive customers as % of total customers</b>	<b>7.9</b>	<b>9.0</b>	<b>(1.1 pts)</b>
Contract	1.5	1.7	(0.2 pts)
Prepaid	9.0	10.5	(1.5 pts)
<b>Churn (%)</b>	<b>27.1</b>	<b>12.4</b>	<b>14.7 pts</b>
Contract	9.1	8.6	0.5 pts
Prepaid	30.3	13.0	17.3 pts

Vodacom's other African operations increased its total customer base by 10.7% since March 31, 2005 to 2.9 million customers. Satisfactory customer growth was enjoyed in all Vodacom's other African operations, most notably Tanzania with a 14.9% increase in its customer base. However, customer growth has also been negated

by higher churn, with the exception of Tanzania.

In real terms, ARPUs have declined in all the other African operations, offset by the depreciation in the Rand. The decline in ARPUs is due to the penetration into the lower spending prepaid market, as well as continued high levels of competition in all of these markets.

Vodacom's other African operations' customers; year-to-date ARPU and churn as of June 30, 2005 compared to March 31, 2005 are as follows:

<b>Other African operations</b>	<b>March 31, 2005</b>	<b>June 30, 2005</b>	<b>% change</b>
